

MTVP100 Vertical Pouch Packaging Machine

A compact vertical form-fill-seal machine for sachets, sample pouches, and unit-dose packaging of liquids, powders, tablets, and capsules.

BEST FOR

Vertical sachet and unit-dose applications; confirm the pouch format with Mactec

SPECIFICATIONS

Machine dimensions	1219 mm × 1524 mm × 1828 mm (L × W × H)
Machine weight	Approximately 385 kg
Forming area	Approximately 100 mm × 160 mm
Machine speed	10–35 cycles per minute, depending on product and automation
Electrical requirements	110 VAC at 15 amps
Air consumption	12–16 CFM based on 20 cycles per minute

SUPPORTED APPLICATIONS

- Liquids and powders
- Tablets and capsules
- Sachets and sample pouches
- Multi-lane unit-dose formats

CAPABILITIES AND OPTIONS

- Forming, filling, sealing, perforating, and cutting
- Automatic product filling
- Multi-lane configurations
- Registration for preprinted material
- Four-sided seals and variable-data printing options

Specifications are application-dependent and must be confirmed in Mactec's proposal. Output depends on the product, package and selected configuration.
